

Message from President about the current political situation in Hong Kong

Dear all students, parents, teachers & partners all over the world

Regarding the procession on 9th June & 16th June separately, Hong Kong is still a safe place in the world. On 9th June, there were 1,030,000 citizens joined the procession to avoid the extradition laws to China. In addition, some participants even form a cleaning team to clear all rubbish during the event.

On 16th June, there were over 2,000,000 citizens joined the procession to avoid the extradition laws to China peacefully and in order. Even they blocked all main roads on Hong Kong Island. When the ambulance comes, they will give the way immediately.

Hong Kong is 100% safe!

I wish Hong Kong International Mathematical Olympiad more successful!

I look forward to meeting everybody in HKIMO Final 2019 at HONG KONG!

All best,

Andy Lam

President, Hong Kong International Mathematical Olympiad
